RE: Sanchez for Senate
FEC Committee ID #C00496612
July Qtrly (04/01/12 – 06/30/12)

Dear Mr. Whyrick:

We are in receipt of your letter dated November 6, 2012 regarding the aforementioned report.

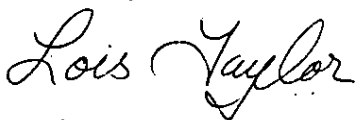

Upon the close of the report period, we were unable to determine the origin of this expense. Accordingly we reported this as a "disputed debt" per the commission regulations. Since that time we have determined through our records as well as through our communication with Red Rock Strategies that this was not an expense owed to Red Rock Strategies, but this expense was actually due, and paid directly to the vendor, The Polling Company. Please note this was reported on the October Qtrly 2011, with the total expense being \$35,323. The amount in question, \$17,105, was a portion that made up the entire total.

Once this verification process was completed, we removed the debt accordingly to Red Rock Strategies and noted the July Qtrly Report as such.

Additionally, please be advised that this was neither a forgiven debt nor a debt settlement with this vendor.

At this time our committee believes to be in compliance.

Sincerely,

Lois Taylor
Treasurer
